

## LEGARIS ROBLE

---

### DID YOU KNOW THAT...?

- Legaris Roble is a wine with the utmost aromatic intensity that aims to extol all the typicity offered by the Tinto Fino variety.
- A wine made from our own plots allocated to produce this wine and also from controlled suppliers.
- It's accompanied and blends with light notes of vanilla and coconut thanks to its brief time spent in 100% American oak barrels (aged for 3 months), which also adds structure to the wine.
- Our particular aim is to emphasise the fruity expression of Tinto Fino with a young, fruity nose and a lush, easy-drinking palate.
- When producing Legaris Roble it's crucial to control the temperature during alcoholic fermentation so it doesn't exceed 24°C, thereby preserving the fruity aromas of the grape.
